

Liana LeBaron
Lemon Grove Planning Commissioner

A Proud Lemon Grove Native, Military Wife, Mother and Lemon Grove Planning Commissioner

I am running for city council because I believe, now more than ever, our city needs responsible representation willing to roll up their sleeves; Support cleaning our neighborhoods, Welcome properly planned development, and Strengthen our family-friendly business community.

As a planning commissioner, I encourage development that will transform and rebrand our small city and areas like our downtown village into something appealing and attractive- a place people feel confident investing in.

My strong relationship with our public works department allows me to have honest, no-nonsense conversations with them about how we can start tackling repairs of our most neglected streets.

I've worked side by side with our local firefighters, sheriff deputies and community organizations to advocate for city improvements, ask questions we as Grovers want answers to, and organize ongoing efforts like trash clean-up and graffiti removal events.

I'll continue using my leadership experience at bringing people together to confidently lead our city through these difficult and uncertain times and toward reaching our city's full potential.

Let's do this Lemon Grove!

Vote Liana LeBaron- In me, You'll always have a Grover's Voice on council
